

Product Name :
Fruit Pulper Machine**Product Code :**
FOOD-JCE0006**Description :**

Fruit Pulper Machine

Technical Specification :

Adopting advanced worldwide brand components in pneumatic parts, electric parts and operation parts, effectively separating pulp from juice.

Linear type of the machine structure makes it easy in installation and maintenance.

High pressure double crank to control the die opening and closing, thus, having reliable interior sealing without leakage

All stainless steel construction conforming to food hygienic standards

Compatible with sieves with different hole diameters.

Capacity(t/h)	Power(kw)	Size(mm)
3-5	7.5	2000*750*1300
5-8	11	2250*800*1450
8-10	15	2569*1000*2042
