

Product Name :
Industrial Portable Electric Rotary Waffle Maker

Product Code :
FOOD-FST0002

Description :

Industrial Portable Electric Rotary Waffle Maker China Manufacturer

Technical Specification :

industrial portable electric rotary waffle maker manufacturer pancake waffle maker
Stainless steel body, with high conductivity, quick heating, more energy-efficient.
Automatic temperature control function, automatic timing device, non-stick surface, low-power,
with the temperature control.
Good Flavor foods can be made. In the condition of high pressure and temperature,
foods can be fried more evenly and sufficiently.
The upper and lower module plates are enameled and are easy to be cleaned.
Thickened Teflon material.
Independent temperature controlling system are convenient to handle and can achieve
energy economy as well.
