

FOOD PROCESSING MACHINES

Email : info@reliefaidssuppliers.com

Product Name :
Fruit and Vegetable Cold Storage and Cold Room with
Sliding Door

Product Code :
FOOD-REF1040010

Description :

Fruit and Vegetable Cold Storage and Cold Room with Sliding Door

Technical Specification :

Panel: Polyurethane insulation panel, 50kg/m³, fireproof
Thickness Available: 50mm, 75mm, 100mm, 150mm, 200mm
Steel cover: Stuccom embossed aluminum, painted galvanized steel, stainless steel, PVC steel
Type of door: Hinge door, convex door, sliding door
Temp. of room: Above -45 degrees, optional, lower should confirm details with engineers
Purpose of cold room: Vegetables, Fruits, Meat, Chocolate etc
Refrigeration unit: Copeland / Bitzer etc
Refrigeration type: Air cooled / water cooled
Fittings: All necessary fittings are included, optional
Place to assemble: Indoor/out door (concrete construction building/steel construction building)
Voltage: 220V/50Hz, 220V/60Hz, 380V/50Hz optional
Panel connection: Cam lock type, use hexagonal key to assemble and disassemble
